List of earliest use of U.S. perfins updated

Richard Learn, the chronicler of early U.S. perfin patterns, has provided six updates and one addition to his list of the earliest known use of perfins in each of the 50 states and the District of Columbia (first published in the March 2000 Bulletin. The addition is Puerto Rico. The changes are shown in bold type in the following list. If you have perfins used earlier than those shown here, contact Learn at 154 Kendall Drive, Safety Harbor, FL 34695, so he can continue to update the list.
